

INDIAEXCITE - MCQ APPLICATION

STUDENT MODULE:

Login Window:

The MCQ Application Portal offers three types of login IDs for users to access the platform. Students can log in using their **student ID, mobile number, or email address** as their username. Student password are highly encrypted.

The image is a composite of two parts. On the left, there is a photograph of a classroom with several students sitting at desks, looking towards the front. On the right, there is a screenshot of a web-based login interface. The interface has a header with the 'INDIAEXCITE NEET DEMO' logo. Below the header is a 'Login' section with fields for 'Username' and 'Password', and a 'Remember me' checkbox. A 'Sign in' button is located at the bottom of the login form. Below the login form, there is a link 'Forgot Your Password?'.

Dashboard:

The portal dashboard provides various information about students, including their enrolled test completion details, and test reports, accompanied by concise pie-chart analytics.

- a) **Courses:** It displays the count of courses enrolled by individual students and provides a link to the courses menu for listing them.
- b) **No.of.Open Test:** It indicates the number of tests that the student has yet to attend.
- c) **Pie Chart:** Pie Chart that indicates **Total Tests, Finished Tests and Open Test** with three-color legends.

d) **Assessment List:** It reflects the data in tabular form, which contains product name, course, test series name and number of questions in that paper. In the Action column has four features as follows:

- a. **Review:** Students can drilldown view of particular assessment by pressing review button. It shows each question with possible answer choice, student answer, actual answer and also any explanation about the choice along with image to justify the answer.
- b. **View Report:** Student can view performance report on particular test series by press view report button. The entire table in this application, sorting/search/filter of data can be done on any displayed field.
- c. **Launch:** It indicates that the student has not yet initiated the test, and to begin, they should click on the "Launch" button.
- d. **In Progress:** It signifies that the student has already started the test and has yet to complete it.

A. Review: Students can drilldown view of particular assessment by pressing review button. It shows each question with possible answer choice, student answer, actual answer and also any explanation about the choice along with image to justify the answer.

The screenshot shows a user interface for 'Test Answer Explanations'. The title bar includes the 'INDIAEXCITE' logo, a search bar, and a user profile icon. The main content area is titled 'Table displaying the review of the completed Test Assignments'. Below this, there is a table with columns: NO, QUESTION, OPTIONS, YOUR CHOICE, CORRECT ANSWER, RESULT, EXPLANATION, and IMAGE. The first row of the table contains a question about a series circuit with resistors, inductors, and capacitors, along with its options, student choice, correct answer, result (Skipped), and an explanation box containing text and a diagram. The explanation box also includes a note about charge and velocity.

B. View Report: Student can view performance report on particular test series by press view report button. The entire table in this application, sorting/search/filter of data can be done on any displayed field.

C. Launch: It indicates that the student has not yet initiated the test, and to begin, they should click on the "Launch" button.

- While click the launch button it displays the Instruction pop-up window with details.
- The MCQ test module has the timer option that initiates upon starting the test. When the designated time elapses, the test is automatically submitted, and the system transitions to the performance report page.
- Different color code is used to differentiate the Answered, Marked, and Not Visited and Not Answered questions in the test screen.
- For each question, marks are shown at the top of each question, ie, Correct Answer mark in Green button and Wrong Answer mark in Red button(Negative mark)
- Students have the option to use topics to answer questions based on specific subjects. For instance, in a Science test covering Biology, Physics, and Chemistry,

students can navigate through topics to answer questions related to each subject simultaneously.

- f. Each question's mark and the negative mark for the question is also displayed.
- g. The student has the option to use the sections feature to navigate between questions.
- h. The student can utilize the "Mark for Review & Next" feature. If the student encounters uncertainty while answering a question, they can mark it, allowing them to proceed to the next question without spending excessive time on the one causing doubt.
- i. The student has the option to utilize the "Clear Response" feature, allowing them to remove any markings on a question that they have previously answered before submitting the final submission.
- j. The student can utilize the "Save & Next" option to save the current question and proceed to the next questions one by one.
- k. Student can view Instruction for this test at any time, by clicking, Instruction button in the right side.
- l. Student can also get to know the following counts of this test
 - **Answered Questions**
 - **Unanswered Questions**
 - **Marked for Review Questions**
 - **Visited Questions**

D. In Progress: It signifies that the student has already started the test and has yet to complete it. Student can continue the test where he / she left in the previous login. Timer starts again, from where it stops.

- If the test is In-Progress type, student can move out of the test page, by clicking any Menu in the left side. So that the test is paused and when he again take the test, it will start from where he left.
- If the test is In-Progress type, student no need to submit the test to move out of Test page.
- If the test is not In-Progress, then student can't come out of Test page without submitting the page. If student tries to click the Menu in left, student will get prompt for submitting the test. If student click, yes, then test is submitted and shown the Performance report. If student cancel the prompt, then he/she continues the test.

ADMIN MODULE:

DASHBOARD:

The Admin Dashboard has the shortcut links to respective menus like Reports, Roles and Students list etc...

The screenshot shows the Admin Dashboard with a sidebar on the left containing links for Dashboard, Language, Course, Subject, Branch, Group, and Head. The main area is titled 'Default' and shows 'Dashboards - Default'. It features four shortcut buttons: 'REPORTS' (clock icon), 'ROLES' (thumb-up icon), 'TEST RESULTS' (bar chart icon), and 'STUDENTS' (user icon). A large arrow points from the text 'Dashboard shortcut links to the respective menu's.' to the 'REPORTS' button.

Dashboard shortcut links to the respective menu's.

MY PROFILE:

The Admin profile page contains information about the administrator. They have the flexibility to update their personal details and password at any time.

The screenshot shows the 'Edit Admin' page under 'Users - Admin - Edit Admin'. The sidebar on the left includes links for Dashboard, Language, Course, Subject, Branch, Group, Head, Users, and Assessments. The main form fields are: 'Name' (Admin), 'Email' (admin@prelims.com), 'Password' (Password), 'Confirm Password' (Confirm Password), and 'Mobile' (1234567809). Below these is a 'Profile Picture' section with a 'Choose File' button and a placeholder 'No file chosen'. A small profile icon of a person is shown. At the bottom are 'Update' (green), 'Cancel' (red), and 'Back' (black) buttons.

COURSES:

In the admin module, there is a Course Master option that allows for the manual creation of courses.

- a) **BULK UPLOAD:** Additionally, there is a **bulk upload** feature enabling the creation of courses through the use of **.xlsx/.csv/.docx/.pdf** files adhering to a specified format. In case of duplicate courses, a prompt message will appear, providing detailed explanations of the duplicated entries.
- b) **EDIT:** Admin can edit the course details and update the description.
- c) **DELETE:** Admin can delete the course's manually one by one or delete in bulk.

Admin can delete the questions from Question Bank

Question Management section has four type of functionalities as follows:

- **Question Bank Upload** - Admin can upload the question in the bulk manner with defined formats.

Question Bank Bulk Upload:

- **Step 1:** Select the language for uploading the questions document.
- **Step 2:** Choose the course to upload the questions to the respective course.
- **Step 3:** Select the subject to upload the questions to the respective subject.
- **Step 4:** Upload the questions document file in the required format as shown below:

Format Example:

CHAPTER: PH-1

Q.1) Nepal, Kashmir, the Western and Central Himalayas, the entire North-East, the Rann of Kutch, Rajasthan, and the Indo-Gangetic Plains had the worst earthquakes. What does it suggest?

QP:

- a) Presence of Divergent plate boundaries
- b) Construction of multi-power hydroelectric projects
- c) Collision of the Indian plate with the Eurasian plate
- d) Presence of the perennial river in the Himalayas

ANS: 3

DL: 2

EXPN: Indian plates consist of Nepal, Kashmir, the Western and Central Himalayas, the Northeast, the Rann of Kutch, Rajasthan, and the Indo-Gangetic Plains. The Himalayan ranges are formed due to the collision of the Indian plate, which is moving northeast, with the Eurasian plate.

Note: Duplicate data will be automatically rejected during the upload process.

- **Step 5:** Click Upload to add the questions to the database.

The screenshot shows the Indiaexcite Question Bank interface. The left sidebar contains navigation links for Dashboard, Language, Course, Subject, Branch, Group, Head, Users, Assessments, Test Allocation, Test Reset, OMR, and Question Bank. The main area is titled 'Question Bank Questions' and shows a list of questions with checkboxes and a 'Delete' button. The first question is: 'A particle moves a distance x in terms t according to equation. The acceleration of particle is proportional to:'. The second question is: 'A toy car with charge q moves on a frictionless horizontal plane surface under the influence of a uniform electric field E'. The third question is: 'A football player is moving southward and suddenly turns eastward with the same speed to avoid an opponent. The force'. The fourth question is: 'A car starts from rest and accelerates at 5 m/s². At t = 4 s, a ball is dropped out of a window by a person sitting in the car.'. The fifth question is: 'The angle between $\vec{A} - \vec{B}$ and $\vec{A} \times \vec{B}$ is'. A 'Bulk Upload' button is located in the top right corner of the main area.

Create Assessment:

- Step 1: Select the language for creating the assessment.
- Step 2: Choose the course for which the assessment is being created.
- Step 3: Select multiple subjects and chapters for the assessment.
- Step 4: Choose the assessment format:

Format 1:

- Admin can add a total of 100 questions in a single section.

Steps to Follow:

1. Input the total number of questions.
2. Select the difficulty level (Options: High / Medium / Low / All).
3. Add an assessment name.
4. Specify the duration of the assessment.
5. Set the marks for a correct answer.

6. Define the negative marks for a wrong answer.
7. Provide the instructions for the assessment.
8. Set the status of the assessment (Options: Active / Inactive).
9. Set the assessment validity period (Start Date and End Date).
10. Click Create Assessment.

Format 2:

- Admin can add multiple sections to the assessment.

Steps to Follow:

1. Input the total number of questions for Section A.
2. Specify optional questions in Section A.
3. Input the total number of questions for Section B.
4. Specify optional questions in Section B.

Edit Questions from Data Bank:

- **Step 1:** Select the course.
- **Step 2:** Select the subject.
- **Step 3:** Select the chapter.
- **Step 4:** Click List to display all questions under the selected course, subject, and chapter.

In the question editing screen, the following options are available:

1. Edit the question text.
2. Edit the answer options (Choice 1, 2, 3, 4).
3. Edit the correct answer choice.
4. Modify the difficulty level.
5. Revise the explanation for the question.
6. Change the question's status (Active or Inactive).
7. Save the updates by clicking **Update Question.

Edit Question - Assessments - Questions Edit - Edit Question

Course: NEET

Subject: Zoology

Chapter: GK

Question:

With reference to Depositional Landforms, consider the following statements :

1. Natural Levees and Point Bars are low, linear and parallel ridges of coarse deposits along the banks of rivers.
2. Loop-like channel patterns called meanders develop over flood and delta plains.

Which of the above-given statements is/are correct?

Choice 1:

a) 1 only

Choice 2:

b) 2 only

Choice 3:

c) Both 1 and 2

Choice 4:

d) Neither 1 nor 2

Correct Answer:

2

Difficulty Level:

Low

Explanation:

Natural levees are low, linear, and parallel ridges of coarse deposits along the banks of rivers quite often cut into individual mounds. Whereas the Point bars are found on the concave side of meanders of large rivers and are sediments deposited linearly by flowing waters along the bank of a river. So, statement 1 is not correct.

image1.png

When the river enters the plain, it twists and turns to form large bends known as meanders. In large flood and delta plains, rivers rarely flow in straight courses. Loop-like channel patterns called meanders develop over flood and delta plains through the process of erosion and deposition by the river. So, statement 2 is correct.

Try Assessment:

There is an additional option to attempt the assessment test paper created. This feature serves for verification purposes to ensure that the uploaded test format functions correctly as intended. In this option data's will not be saved in database. The test screen will be same as student's assessment test screen.

This filter allows administrators to review assessments and verify that the uploaded questions are correctly positioned.

TEST ALLOCATION:

Through the test allocation option, assessments can be assigned **manually to individual students or batches of students**, determined by the courses they are enrolled in.

Allocated test details are listed in the detailed tabular format with user friendly search & sorting option.

The screenshot shows the 'Test Allocation' section of the INDIAEXCITE platform. The top navigation bar includes a search bar, a notification bell icon, and an 'Admin' profile icon. The main title 'Test Allocation' is displayed, along with a breadcrumb trail: 'Assessments - List Allocation'. Below the title, there are two buttons: 'Assign Course to Student' and 'Assign Course to Batch'. A red arrow points from the text 'Assign the assessment to the individual student' to the 'Assign Course to Student' button. Another red arrow points from the text 'Assign the assessment to the student batch' to the 'Assign Course to Batch' button. The central area features a table titled 'Table Displaying the Allocated Assessment list'. The table has columns: Delete, ID, STUDENT, BATCH, COURSE, ASSESSMENT, STATUS, and ACTION. The data in the table is as follows:

Delete	ID	STUDENT	BATCH	COURSE	ASSESSMENT	STATUS	ACTION
<input type="checkbox"/>	1	R SRI SHIVANI	Neet Batch	NEET	Neet Test1	InActive	
<input type="checkbox"/>	2	B SHARMILA	Neet Batch	NEET	Neet Test1	Active	
<input type="checkbox"/>	3	J M BHARATHRAJ	Neet Batch	NEET	Neet Test1	Active	
<input type="checkbox"/>	4	J MAHESWARI	Neet Batch	NEET	Neet Test1	Active

ADMIN REPORTS:

Admin Reports Module has two types of reporting functionalities:

a) The comprehensive test paper results for all students are accessible along with the performance

I. In this report entire students test reports are listed out on the tabular list with user friendly searching & sorting option.

The screenshot shows the 'Student Performance Reports' section of the INDIAEXCITE platform. On the left is a sidebar with various administrative options like Dashboard, Language, Course, Subject, Branch, Group, Head, Users, Assessments, Test Allocation, Test Reset, OMR, Question Bank, and Reports. The main area has a search bar at the top. Below it, the title 'Student Performance Reports' is followed by a breadcrumb trail: Home - Reports - Performance Reports. A red arrow points to the table header 'Table displaying the Performance Report of Students'. The table has columns for STUDENT NAME, LOGIN ID, TEST NAME, TEST DATE, and SCORE. It lists 10 entries of student test results. At the bottom, it says 'Showing 1 to 10 of 17 entries' and has navigation buttons for 'Previous' (page 1), 'Next' (page 2), and 'Last'.

STUDENT NAME	LOGIN ID	TEST NAME	TEST DATE	SCORE
R SRI SHIVANI	SMATB2400000001	Neet Test2	20 April 2024	-2.00
KALI	SIAXY2400000001	Neet Demo 5	6 May 2024	28.00
